Council President Taylor introduced the minutes of the March 27, 2018 meeting for approval. Councilman Steele moved they be approved, seconded by Councilman Cook, and the vote was unanimous.

Mr. Bill Veitch, Sandy Cove, Hoover, candidate for District Attorney, was recognized. Mr. Veitch stated he was a Birmingham police officer for seven years, practiced law, and was District Attorney in the Bessemer division for sixteen years. He stated he is running on the Republican ticket. He is police friendly, and wants to be accessible in the community, rather than running the office from behind a desk. He asked for support.
Mr. Richard Epstein, Boulder Drive, asked about a traffic signal at Brookes Crossing and at Green Drive. He stated the Braden building looks terrible and asked when something will be done with it.

Mayor Choat stated ALDOT has stated a light is warranted at Brookes Crossing, but we do not have a time line. The light at Green Drive is approved as a part of a County project. The power poles on the Braden corner are going to be moved. Right now these poles tie four power substations together that feed all over Trussville. We want to make sure those poles are out of the way before we do anything.

Mr. Jim Wolfe, York Street, asked about the trailer with the antenna at WalMart.

Chief Bridges stated this is a tag reader so that the department can determine who is going into and out of the area. It is moved around periodically.

Mr. Wolfe stated the pedestrian crossing button at Chalkville Road and Main Street is not working.

Mayor Choat stated he was not aware of this, and that we will check this out.
