2020 Fall Junior Tennis Clinics

Registration: July 29th– August 28th

https://trussville.org/departments/parks-recreation/youth-sports/

Dates: Start Week of September 14th through November 7th

We will have clinics for 8U, 10U, 12U, and 14U where we will open up an unlimited number of players per age group. All clinics will run for eight weeks and the price will include court time and equipment. The clinic for the 8U and 10U will be held once a week with a cost of $130. The 12U and 14U will have two clinics a week for $250. After registration ends, we will determine the days and times of each clinic based on the number of sign ups. The days will be Monday, Tuesday, and Thursday from 4 pm to the latest time of 7:30. Younger groups will be held earlier. Depending on the size of signups, we may have an early clinic on Wednesday so everyone will be free for the evening. Due to unknown factors for JTT with the USTA, we will have to see what they are planning to offer for Team Tennis. If the USTA does have matches, any parent or volunteer may form a team. We will set up a time to create the team number as well as hold a meeting with the parents who want their kids to participate. During the meeting, the Team Manager will go over the format as well establish expectations and costs of JTT for parents and players.

Clinics with Chris Rogers (teaching pro)
