A branch of Stronghold Wrestling

Wrestling is one of the fastest growing sports not only in the city of Trussville but also statewide and nationwide. This is your opportunity to get into the sport of wrestling at an early age and prepare for when you are able to compete for the Hewitt-Trussville Huskies when you get older. This is a sport that helps boys and girls to get better for whatever activity they are wanting to compete in and is a great opportunity. We are looking forward to seeing the development of these young wrestlers in what we believe is not only the oldest but also the greatest sport on the planet. This program will be teaching and practicing the philosophies of the Hewitt-Trussville High School Wrestling program, which will help you to be ahead of the curve when you get in the 7th grade and enter the HTMS wrestling program.
