The City Council met in an **agenda workshop** on **Tuesday, February 10, 2026**, at 5:30 pm to review the proposed agenda for its next regular session. Council President Jaime Melton Anderson presided over the meeting and Dan Weinrib served as recording secretary.

Councilor Ben Horton  
Councilor Brian Jackson

The City Council determined the order of consideration. At President Anderson's request, the Council mutually agreed to move the only proposed ordinance to the Regular Agenda subsection, prior to discussion. After reviewing all other proposals, they mutually agreed to pull the proposed term limits resolution from the regular agenda. The councilors then went back to the proposed ordinance, which would repeal & replace the order of procedures for city council meetings. Each councilor spoke, giving her or his feedback about the adequacies & flaws in the ordinance. President Anderson cited some dated language about written proposals, among other things. Councilor Jackson & Horton suggested a spending threshold for which the council would be required to delay consideration. Councilor Miller shared that he studied the prior organizational ordinances, which Mayor Short had also done. They both enjoy history. President Anderson got the mayor & city clerk to commit to showing contrasts on future repeal-&-replace ordinance proposals. After Mayor Short shared his comments, it was abundantly clear that the entire council wanted to re-work the ordinance further. They mutually agreed to pull the proposed ordinance from the regular agenda.

With no further items to discuss, President Jackson adjourned workshop at 6:13 pm.
